T. N. Pfeiffer, Esq.

Submit the following report for Tuesday, the 28th day of Sept. 1926.

The only excitement today was the visit you and your party made during the forenoon and after dining at the Hotel, the reporter who took flash light was one of the Mirror men, and to say the least this paper as well as this reporter informed me they are most bitter against our defendants, and he intended to every time to use flash light in taking pictures of Mrs. H. and others.

Now Reporter Daniels with other reporter who rode to New Brunswick with Mrs. Hall, returned at 4:40 P.M. and all reporters were waiting on him, like hunger wolfs, I shall repeat the most of his story to all reporters as follows:

1st Mrs. Hall done the driving saying she was not an expert owing to traffic in Bound Brook a truck hit them slightly but Mrs. Hall called out to driver saying everything was alright. Daniels said she certainly was very cool etc. Here are some of the questions asked by Daniels and Mrs. Hall's answers, could not write down but kept in mind most of them.

A. I would not believe anything I read in the papers.

Q. What do you think of the State of Jersey?
